

You + American Physical Society

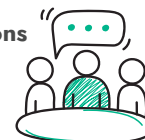

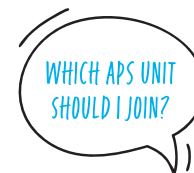

Goals

1. Survive in my career. *THRIVE*
2. Build a supportive community / my network
FIND COLLABORATORS = FUEL CAREER
3. Make a difference. Be a voice for science.
4. Explore new career paths in industry.
5. Level up. *[GET PUBLISHED. GET CITED.]*

6. MAXIMIZE MY BENEFITS

Next Steps (To-Do List)

- ☐ Join APS at aps.org/membership
- ☐ Make connections in my field - aps.org/units
50+ COMMUNITIES!
- ☐ Publish and review with APS - aps.org/publications
[PHYSICAL REVIEW JOURNALS]
- ☐ Inspire and be inspired - aps.org/mentoring
ACTIVATE MY MAKE A DIFFERENCE GOAL

Membership Benefits and Opportunities

aps.org/membership

Our values are our guideposts

The American Physical Society is a scientific membership organization committed to advancing physics and creating a welcoming professional home for the world's physics community.

Vision

APS envisions a world inspired, enriched, and sustained by a thriving physics enterprise.

Mission

APS advances physics by fostering a vibrant, inclusive, and global community dedicated to science and society.

Core Values

Our core values serve as guiding principles for the way we do our work and the way we engage with each other to advance physics:

SCIENTIFIC
METHOD

TRUST, INTEGRITY,
AND ETHICAL
CONDUCT

EQUITY, DIVERSITY,
AND RESPECT

COLLABORATION

EDUCATION
AND LEARNING

SPEAKING OUT

Our mission, vision, and core values lay at the heart of APS activities.
We invite you to join your community at aps.org/membership.

Member Benefits

Physical Review Journals

ACCESS CUTTING-EDGE RESEARCH

READ. REVIEW. PUBLISH.

- Significant discounts on online subscriptions.
- High-impact publications offering the leading theoretical, experimental, and applied research in all aspects of physics.

APS meetings

SAVE WITH MEMBER-ONLY REGISTRATION RATES

APS Global Physics Summit

15,000+ scientists | 70+ countries

The largest scientific conference for physicists from around the world with attendees from academia, industry, and major labs.

PRESENT MY RESEARCH
AND BUILD MY NETWORK

Unit Scientific Meetings

20+ annual events.

Focused meetings to dive into emerging research and meet peers within your discipline, field, or region.

Career and industry resources

SUPPORT YOUR PHYSICS JOURNEY

- Mentor/mentee opportunities, job boards, career fairs.
- Programs for students, early career scientists, and applied industrial physicists.

FUEL MY SUCCESS.

Community

BUILD YOUR NETWORK

Volunteer and leadership opportunities

Become an ambassador for science with APS public engagement programs, or get involved in committees and communities.

Recognition and funding

Discover member-only funding opportunities and receive honors from APS Prizes and Awards for outstanding achievements.

APS Units

Select from 50+ units to meet physicists who work in your discipline, share your interests, or hail from your region. Explore all units at aps.org/units.

Membership types

Student	Early career	Regular	Senior	Lifetime
\$0-39	\$79	\$189	\$99	Contact us
First year: \$0 Undergraduate: \$25 Graduate: \$39	Science professionals up to five years after they have received their final degree	All science professionals and physics enthusiasts	Experienced scientists who have retired or reached the age of 70	With a one-time fee, you can join APS as a lifetime member. Contact us at membership@aps.org
